

My Trip to the

Doctor

Rady Children's

I am going to see the doctor.

First we will park the car.

The big white doors will open so we can walk in.

There will be a desk with lots of colors and bright lights.

I can stand on the feet while I wait.

I can look at the fish tank while I wait.

We will check in so they know I am here.

A nurse will call my name when it is time to go get my x-ray.

We will walk down long hallways together.

When we get to the room it will be dark.

The lights have to be off for the special machine that takes my x-ray.

My mommy or daddy will stay with me in the x-ray room.

When I lay down the nurse will strap me in like a seat belt.

Then the nurse will put a heavy blanket on me.

My Mommy or Daddy has to wear a silly shirt and will be next to me during my x-ray.

Then I have to put my arms up so they can take my picture.

My Mommy or Daddy can hold my arms to help me keep them up.

Then the nurse will take my picture with the big machine.

That was easy! The x-ray is all done.

Everyone will be so proud of me for being brave!

After my x-ray, I get to look at the train!

I might even get a sticker for good listening during my doctor's visit.

Maybe I can visit McDonald's or the gift shop when I am done!

Then it will be time to go back to the car and go home!
